אורי רינות - מנכ"ל

WHY CHOOSE FAMEPLA?

QUALITY

Famepla manufactures and supplies furniture for industries and warehouses all over the world. Our high-quality product range includes drawer and doors cabinets, professional workstations, plastic containers and shelving. The quality of our products is guaranteed by the professionalism and experience of our team and a completely MADE IN ITALY process.

CUSTOMIZATION

We offer versatile, integrated solutions based on the specific needs of each customer. A team of designers and technicians with 20 years' experience is at your disposal to offer you the best possible solution.

GREEN SINCE THE BEGINNING

We strongly believe that a major part of sustainability includes the longevity of a product. Our products are made to last so there is less waste in the long run. We are also very concerned about the source of materials and we only collaborate with certified suppliers that perfectly fit our way of working.

OUR COLOURS

The colour combinations are created directly in our factory, which allows us to satisfy high quality standards. In addition to the standard colours, the chosen product can be produced in any desired colour.

UNIBOX SERIES

The UNIBOX Tilt Bin system offers an excellent way of storing small parts in visible locations – this promotes visual stock control and negates migrating stock. Available in different models by depth and height, they all have a width of 600mm which allows them to be stacked in a variety of combinations.

- Organisation thanks to the possibility of creating customised combinations
- Easy identification with transparent drawers
- Optimal access with pivotal opening
- Stackable on trolleys, frames and vertical drawers

STORAGE BOXES

Stackable plastic containers made of high-grade polypropylene, suitable for storing small and medium-sized material. Two versions are available depending on the need for use. Both have double front walls that ensure maximum stability even when stacked.

- Solidity guaranteed by the strength of polypropylene
- Stackable to facilitate organisation and minimise space
- Easy access thanks to the front opening shape
- To combine with shelving, trolleys and cabinets

WORKBENCHES

Our workbenches can be built as static stand-alone units or with the simple addition of castor sets, can also be made mobile. Manufactured from high quality steel our modular workbenches are highly durable and are supplied with various worksurfaces and accessories.

- High load capacity up to 1400kg
- Drawer load up to 100kg
- Wide choice of worktops and substructures
- Fast access time for stored parts and tools thanks to perforated back panel

PERSONALISE YOUR WORKBENCHES

Scan the QR code and download the dedicated section to discover more modules and combinations.

STORAGE WORKBENCHES

Compact workbenches offer a versatile, modern and robust solution for production and workshop, laboratory and hardware. Drawers, doors, shelves and castors can be added to the worktop to create a fully customised workstation.

- High load capacity up to 1500kg
- Centralised lock
- Modular system fully customisable
- Fully mobile

CANTILEVER WORKBENCHES

Ergonomic industrial workstations for mechanical engineering, electronics, assembly and test laboratory industries. Workbench tops, drawer cabinets and rear panels can be organised to create a perfect and total customisable workstation.

- Electrical system can be integrated with power trunking and panels
- Fast access time for stored parts and tools thanks to perforated back panel
- Wide range of accessories

PERFORATED BACK PANELS

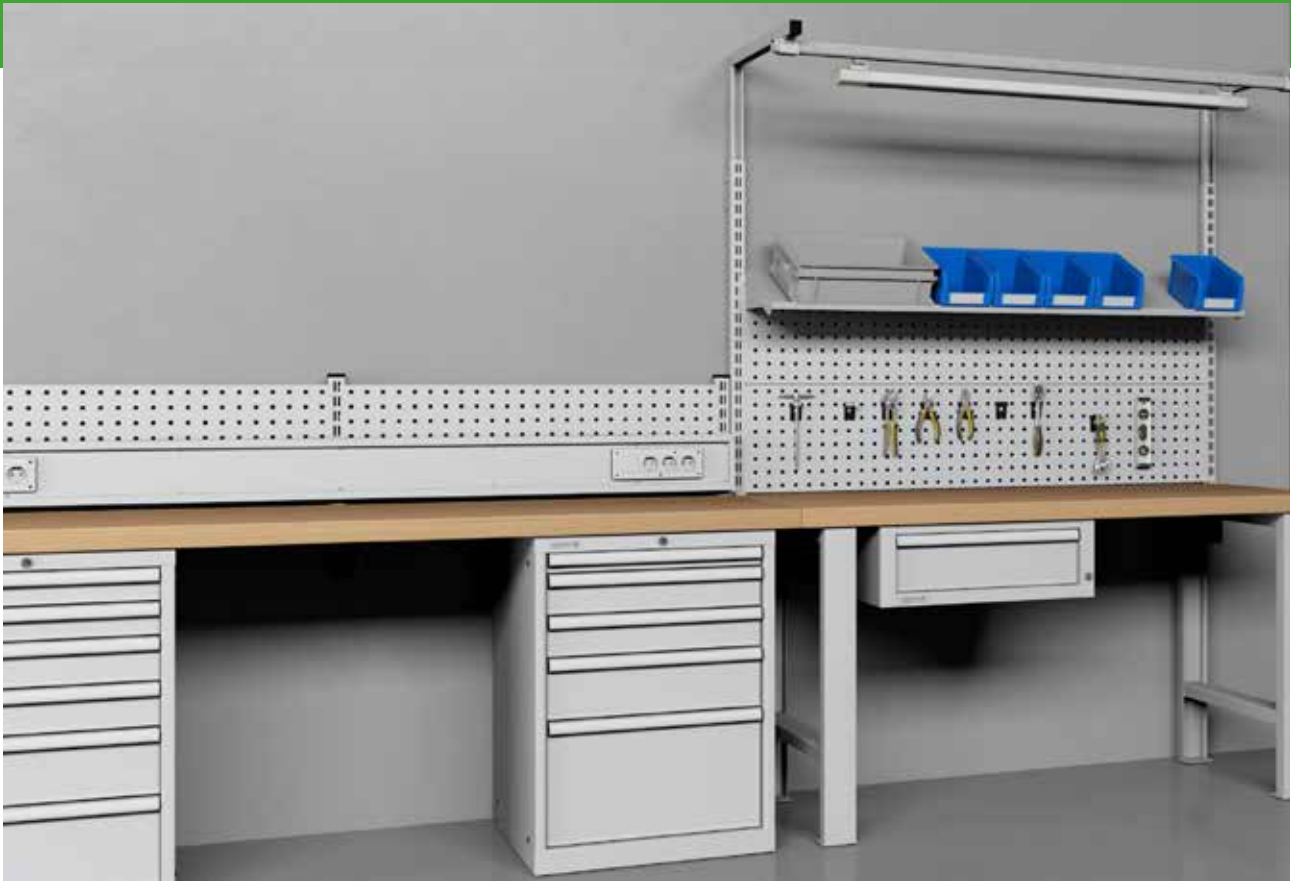

The perforated tool panel has 10x10mm square holes, with a 38mm pitch, and constitutes a fundamental element for your industrial workstation or work area. It can be installed on dual-slotted uprights fitted to workbenches and trolleys, on walls by using appropriate brackets or inside a shadow board roller shutter cabinet that can either be bench mounted or wall fixed.

- Quick access to tools thanks to hooks and shelves
- Easy assembly
- Customisable due to modular system
- Integral with our full product range

COMPUTER CABINETS

A critical part of daily working practices includes the maintenance and audit of hardware, computers and other electronic devices – especially in workspaces which create dust, swarf and air pollutants. Our wide range of PC cabinets and quality stations helps combat the daily degradation and abuse these expensive and essential items receive.

- Central locking system
- Modular system
- Built-in ventilator and dust filter
- Roller shutter cabinet

CNC TOOL STORAGE

Reduce down time, increase efficiency, space save and reduce costs with our cnc tool storage and transport solutions. Our tool holders are made of ABS, resistant to impact and mineral oils, and are available in various designs and sizes to accommodate different types of spindle. The holder is screwed to our insert frame and tool cradle or attached with a catch fastener.

- Super density CNC tool storage
- For all tools types
- Solidity guaranteed by impact-resistant materials
- Easy assembly thanks to the snap-on button
- Frames fit to trolleys, machine cabinets and CNC cupboards

CABINETS WITH DOORS

Metal cabinets with doors for workshop and office are ideal for protecting and storing away tools and documents. As an alternative to conventional hinged-door cabinets, to reduce the overall size we also offers space-saving solutions as cabinets with sliding doors and as roller shutter cabinets.

- Perfect vision due to Plexiglas® doors
- Order and organisation with containers and hooks
- Customisable by adding shelves and drawers
- High capacity up to 600kg

PERSONALISE YOUR CABINETS WITH DOORS
